Regex Memory Game

Our vision is to create a game that will help students learn Regex in a fun and interactive manner.

The Autodoc software that we used to document our project is Doxygen, and the link to the pdf is here:

https://github.com/widi9545/csci3308regexgame/blob/master/latex/RegexGameDocumentation.pdf

And the link to the html folder is here:

https://github.com/widi9545/csci3308regexgame/blob/master/html
